

4.12. 2014. OPENING CEREMONY 18:00

Hall Omega I & II (up to 1200 seats)

GOLD MEDAL LECTURE:

18:30-19:15 *G.Hedenstierna (SE). The future of respiratory support and lung ventilation*

19:45-21:00 Get-Together, Hall II

5.12. 2014. SESSIONS, 8:30-11:00

Hall Omega I (up to 550 seats)	Hall Alfa (up to 400 seats)	Hall Sigma (up to 90 seats)	Hall Tau	Hall Lambda (up to 85 seats)
Patient safety and clinical guidelines	Regional Anaesthesia I	Satellite Symposia AGA	Workshops	
How I manage bleeding in cardiac surgery	US in the difficult spinal		Lung USG*	
<i>D. Filipescu (RO) 8:30-9:00</i>	<i>B.Nicholls (UK) 8:30-9:10</i>		<i>I.Misane (LV)</i>	
Quality and outcome in the ICU	Does PNS have a place in modern RA		<i>Grp I 8:30-9:30</i>	
<i>J. Hazelzet (NL) 9:00-9:30</i>	<i>B.Nicholls (UK) 9:10-9:40</i>		<i>Grp II 9:30-10:30</i>	
Intraoperative awareness			USG guided vascular access*	
<i>A. Klucniks (UK) 9:30-10:00</i>	PRO & CONTRA SESSION		<i>O.Sabelnikovs (LV)</i>	
Helsinki declaration on Patient safety	<i>Neurostimulation vs Ultrasonography</i>		<i>A.Ozolins (LV)</i>	
<i>D.K. Whitaker (UK) 10:00-10:30</i>	<i>A.Pelans (SE), A.Miscuks (LV),</i>		<i>Grp I 8:30-9:30</i>	
WHO checklist – before and after implementation in North Estonian Medical Centre			<i>Grp II 9:30-10:30</i>	
<i>V.Herodes (EE) 10:30-11:00</i>				

COFFEE BREAK 11:00-11:30 Hall Omega II and Hall II

5.12. 2014. SESSIONS, 11:30-13:30

Hall Omega I (up to 550 seats)	Hall Alfa (up to 400 seats)	Hall Sigma (up to 90 seats)	Hall TAU	Hall Lambda (up to 85 seats)	Hall PLAZA (up to 40 seats)
Obstetric Anaesthesia	Emergency medicine I	How to publish a paper	Workshops	Satellite Symposia Fresenius Kabi	Situation in Anaesthesia and Intensive Care in Baltic Countries <i>Moderator: J. Mellin-Olsen (NO)</i>
Pharmacogenetics applied to Obstetric Anesthesia	EM and politics	Professional stress and the anaesthesiologist	USG guided centroaxial blocks*		Current status in anaesthesiology and intensive care in Lithuania
<i>R.Landau (USA) 11:30-11:55</i>	<i>A.Raed (RO) 11:30-11:50</i>	<i>G. Gurman (IS) 11:30-11:50</i>	<i>B. Nicholls (UK), I. Evansa (LV)</i>		<i>J. Sipylaite (LT) 11:30-12:00</i>
General Anesthesia for C-section: Modern approach.	Children in Emergency department	How to make research? Getting statistics	<i>Grp I 11:30-12:20</i>		Current status in anaesthesiology and intensive care in Estonia
<i>M.Van de Velde (BE) 11:55-12:20</i>	<i>C.Maschmann (DK) 11:50-12:10</i>	<i>S. De Hert (BE) 11:50-12:20</i>	<i>Grp II 12:30-13:20</i>		<i>J.Ratsep (EE) 12:00-12:30</i>
TAP blocks and other modalities for post-cesarean acute pain	The physicians part to play in the mobile ambulance service	Immortal and related bias in ICU research	USG guided peripheral nerve blocks*		Current status in anaesthesiology and intensive care in Latvia
<i>R.Landau (USA) 12:20-12:45</i>	<i>A.Raed (RO) 12:10-12:30</i>	<i>M. Hiesmayr (AT) 12:20-12:50</i>	<i>A. Miscuks (LV), A. Pelans (SE)</i>	<i>I.Vanags (LV) 12:30-13:00</i>	

HELLP syndrome – what's new after more than 30 years?	Current epidemiology of poisonings in Estonia	Risk and prognostic research in anaesthesia and intensive care	<i>Grp I 11:30-12:20</i>	Current status in anaesthesiology and intensive care in Scandinavian countries A.B.Guttormsen (NO) 13:00-13:30
K.Rimaitis (LT) 12:45-13:10	R.Paasma (EE) 12:30-12:50	M. Hiesmayr (AT) 12:50-13:20	<i>Grp II 12:30-13:20</i>	
Maternal mortality: confidential inquiry	Pain relief in emergency N ₂ O			
E.Lapins (LV) 13:10-13:35	C.Maschmann (DK) 12:50-13:10			
	Occult pneumothorax in emergency			
	G. Gurman (IS) 13:10-13:30			

LUNCH I 13:30-14:30 Restaurant Esplanade, Omega II and Hall II & POSTER SESSION Omega II

5.12. 2014. SESSIONS, 14:30-16:30

Hall Omega I (up to 550 seats)	Hall Alfa (up to 400 seats)	Hall Sigma (up to 90 seats)	Hall TAU	Hall Lambda (up to 85 seats)
Intensive care I	Regional Anaesthesia II	Regeneration medicine & genetics	Workshops	
Extracorporeal membrane oxygenation in adult respiratory distress in Estonia	Postdural puncture headache: what is new	Genetics of Pain	US guided abdominal wall blocks	
J.Starkopf (EE) 1430-14:50	M. Van de Velde (BE) 14:30-14:55	R. Landau (USA) 14:30-14:55	R. Tomasauskas (UK)	
ECMO	IV lidocaine: teaching an old drug, new tricks.	New strategies for perioperative organ protection: the place of anaesthesia		
M. Ranucci (IT) 14:50-15:10	M. Van de Velde (BE) 14:55-15:20	S. De Hert (BE) 14:55-15:20	<i>Grp I 14:30-15:20</i>	
Extra vascular lung water and pulmonary vascular permeability index in respiratory failure and ARDS	Local anaesthetic adjuvants - safety and efficacy	Regeneration medicine actualities in cardiology	<i>Grp II 15:30-16:20</i>	
M. Kirov (RU) 15:10-15:30	B. Nicholls (UK) 15:20-15:45	A.Erglis (LV) or E.Jekabsons (LV) 15:20-15:45		
Ventilator – induced lung injury: new trends in pathophysiology and therapy	Complications of regional anaesthesia: neurotoxicity, myotoxicity	Stem cells: what they are and what they do	Express EHO in ICU*	
L.J.Bjertnæs (NO) 15:30-15:50	A. Miscuks (LV) 15:45-16:10	A.Ivanovs (UK) 15:45-16:10	A. Rudzitis (LV)	
Online CBFicp in real time		Anaesthesia for multi-visceral transplantation. UK experience.	<i>Grp I 14:30-15:20</i>	
P. Reinstrup (SE) 15:50-16:10		R.Tomašauskas (UK) 16:10-16:30	<i>Grp II 15:30-16:20</i>	
Nutritional support in the ICU				
M. Hiesmayr (AT) 16:10-16:30				

COFFEE BREAK 16:30 – 17:00 Hall Omega II and Hall II

5.12. 2014. SESSIONS, 17:00-19:00

Hall Omega I (up to 550 seats)	Hall Alfa (up to 400 seats)	Hall Sigma (up to 90 seats)	Hall TAU	Hall Lambda (up to 85 seats)
Intensive care II	General Anaesthesia		Workshops	
Effects of cooling and rewarming on cardiac function	Anaphylaxis during anaesthesia			
T. Tveita (NO) 17:00-17:20	A.B.Guttormsen (NO) 17:00-17:15		USG guided centroaxial blocks*	

Guidance of fluid replacement in hypovolemia and circulatory shock M. Kirov (RU) 17:20-17:40	Preoperative ambulatory consultation by anaesthesiologist – for all or selected patients? J. Karjagin (EE) 17:15-17:30		B. Nicholls (UK), I. Evans (LV) 17:00-17:50	
Control of hospital infections in intensive care – experience of Tartu University Hospital J. Starkopf (EE) 17:40-18:00	Transoesophageal echocardiography in non-cardiac surgery A. Macas (LT) 17:30-17:45		USG guided peripheral nerve A. Miscuks (LV), A. Pelanis 17:00-17:50	
	Amniotic fluid embolism. Case report K. Rimaitis (LT) 17:45-18:00			
	Ambulatory anaesthesia S. Svediene (LT) 18:00-18:15			
	Anaesthesia for bariatric surgery: on the way for improved outcome A. Karbonskiene (LT) 18:15-18:30			

CONGRESS DINNER 20:00* (additional payment)

6.12. 2014. SESSIONS 8:00-10:00

PRO & CONTRA
Cristalloids vs colloids
R. Hahn (SE)
J. Marschall (CA)

Hall Omega I (up to 550 seats)	Hall Alfa (up to 400 seats)	Hall Sigma (up to 90 seats)	Hall TAU	Hall Lambda (up to 85 seats)
Cardiothoracic Anaesthesia	NURSE SESSIONS Change management in patient care	Emergency medicine II		Intensive therapy III
Can we optimize the patient before cardiothoracic surgery? M. Hiesmayr (AT) 8:00-8:30	The new guidelines / new management D.K. Whitaker (UK) 8:00-8:30	Anaesthetic management of trauma patient S. Perov (USA) 8:00-8:20		Guide Deresuscitation of the septic critically ill patient J. Marschall (CA) 14:30-14:50
Post thoracotomy pain B. Nicholls (UK) 8:30-9:00	Nurses in anaesthesia J. Mellin-Olsen (NO) 8:30-9:00	Hypothermia after cardiopulmonary resuscitation V. Reinhard (EE) 8:20-8:40		Paediatric sepsis guidelines J. Hazelzet (NL) 14:50-15:10
Surgery in hybrid operation theatre M. Kalejs, A. Rudzitis (LV) 9:00-9:30	Pain management after knee and hip replacement surgery M. Rebo (EE) 9:00-9:30	Effects of cardio-active drugs during rewarming T. Tveita (NO) 8:40-9:00		Open lung alveoli and keep open: when and how in severe ARDS S. Vosylus (LT) 8:30-9:00
Pulmonary hypertension – detection and management? I. Ratsep (EE) 9:30-10:00	Nurse manager competencies M. Chenkina-Baranovsk (LT) 9:30-10:00	Treatment of traumatic brain injury (TBI) P. Reinstrup (SE) 9:00-9:20		Predictors of Renal Failure in patients with Severe acute pancreatitis M. Serpytis (LT) 9:00-9:30
		Update in bleeding management in major trauma A. Gelmanas (LT) 9:20-9:40		
		Burn Care A.B. Guttormsen (NO) 9:40-10:00		

COFFEE BREAK 10:00 – 10:30 Hall Omega II and Hall II

6.12. 2014. SESSIONS 10:30-12:30

Hall Omega I (up to 550 seats)	Hall Alfa (up to 400 seats)	Hall Sigma (up to 90 seats)	Hall TAU	Hall Lambda (up to 85 seats)	
Cardiothoracic Anaesthesia	Evidence-based nursing in anaesthesiology, emergency and intensive care		Workshops & lecture		
Aprotinin today: everyone deserves a second chance	Pain treatment team in the hospital	TEA in cardio surgery. Lithuanian experience	Routine focused echocardiography in preoperative period		
D.Filipescu (RO) 10:30-11:00 How much do you know about new anticoagulants, revalidation for cardiothoracic anaesthesiology	J.Mellin-Olsen (NO) 10:30-10:50 Therapeutic hypothermia after cardiac arrest, Patient management an nursing care	T.Lenkutis (LT) 10:30-10:50 Can we overfeed the patients?	A.Macas (LT) 10:30-11:00		
A.Ozolina (LV) 11:00-11:30	S. Sakne (LV) 10:50-11:10	A.Reintam (EE) 10:50-11:10			
Blood conservation and transfusion requirements in cardiac surgery: focus on outcomes	The reasons for insufficient enteral feeding in Intensive care patient: a single-centre prospective observational study	<i>How to dosage antibiotics during hemodiafiltration?</i>	EHO ECG*		
G.Djaiani (CA) 11:30-12:00	M.Kuslapuu (EE) 11:10-11:30	K.Tamme (EE) 11:10-11:30	A.Rudzitis (LV), A.Macas (LT)		
<i>Low cardiac output syndrome following surgery for congenital heart disease</i>	Relevance of enteral nutrition in the intensive care unit.	<i>Multiorgan donor in paediatric population – management principles</i>	Grp I 11:00-11:45		
R.Balmahs (LV) 12:00-12:30	V. Gerasimcik-Pulko (LT) 11:30-11:50	M.L.Ilmoja (EE) 11:30-11:50	Grp II 11:45-12:30		
LUNCH 12:30-13:30 Restaurant Esplanade, Omega II and Hall II					POSTER
SESSIONS II, Omega II					

6.12. 2014. SESSIONS 13:30 – 15:30

Hall Omega I (up to 550 seats)	Hall Alfa (up to 400 seats)	Hall Sigma (up to 90 seats)	Hall TAU	Hall Lambda (up to 85 seats)
Perioperative assessment of elderly patient	Levels of care and nursing intensity scoring in intensive care	Acute and Chronic pain session	Workshops	B.Braun Satellite Symposia
Postoperative cognitive dysfunction and delirium: how much is down to the anaesthetist?	Therapeutic Intervention Scoring System in Cardiac Surgery ICU	Pathophysiology of post-operative pain		
G.Djaiani (CA) 13:30-14:00	M.Daukste (LV)) 13:30-14:00	P.Scherpereel (FR) 13:30-14:00	/ THERMOFISHER 14:30-15:20	
Nutrition for elderly	Risk of Methicillin- resistant staphylococcus aureuss infection in Intensive Care Unit	Central sensitization		
I.Jagmane (LV) 14:00-14:30	K.Kurtisa (LV)) 14:00-14:30	O.Rohof (NL) 14:00-14:30		
Sedation for elderly	Nursing classification system in pediatrics	US in pain medicine		
P.Oss (LV) 14:30-15:00	D.Raiska (LV)) 14:30-15:00	B.Nicholls (UK) 14:30-15:00	<i>ROTEM goal directed coagulation management</i> 13:30-14:20	
Withdrawing and withholding or therapy and end-of-life treatment in hospital.		Multimodal approach to acute pain treatment		
I.Misane (LV) 15:00-15:30		I.Golubovska (LV) 15:00-15:30		
COFFEE BREAK 15:30-15:45 Hall Omega II and Hall II				

6.12. 2014. SESSIONS 15:45-17:45

Hall Omega I (up to 550 seats)	Hall Alfa (up to 400 seats)	Hall Sigma (up to 90 seats)	Hall TAU	Hall Lambda (up to 85 seats)
Free papers	Nursing ethics in anesthesiology, emergency and intensive care	Acute and chronic pain session	Free papers	
	Problems of ethics and deontology in the ICU.	Cervicogenic pain		
LV+LT+EE	<i>I.Dailidkiene, J.Gimzauskiene (LT) 15:45-16:05</i>	<i>O.Rohof (NL) 15:45-16:10</i>	LV+LT+EE	
		Orofascial pain		
		<i>M.Arons (LV) 16:10-16:30</i>		
		Evaluation of sensory function in back pain		
		<i>A.Vaitkus (LT) 16:30-16:50</i>		
		Cancer pain		
		<i>V.Sosars (LV) 16:50-17:10</i>		
		Spinal cord stimulation: should we offer it to our patients?		
		<i>R.Tamosauskas (UK) 17:10-17:40</i>
