Call for applications for the 9th Nordic Diploma Course in Advanced Pain Medicine
2018-2020

The Scandinavian Society of Anaesthesiology and Intensive Care Medicine (SSAI) coordinates an Inter-Nordic post-specialist training programme in advanced pain medicine for Nordic doctors.
The programme is limited to 30 trainees. The target group is anaesthesiologists as well as specialists from other pain related specialities. The training period is approximately 2 years. During the training period, 5 courses, each lasting 3 days, will be arranged. The courses will circulate among the Nordic countries (Sweden, Finland, Norway, Denmark and Iceland). The courses will be held in English.
During the 2-year-period, clinical training of a minimum of 3 months should be carried out at a university-based multidisciplinary pain clinic/pain centre, approved by the national educational board members.
Furthermore, within the 2 years the trainee must complete a project or a written paper according to further instructions.
On completion of the Inter-Nordic training programme, the trainees will be granted a Diploma in Advanced Pain Medicine.
All expenses for the education (the fee for each course is DKK 7,000 (940 EURO)), travel and accommodation must be covered by the applicant personally or by the applicant's host clinic.
The first course will take place in Uppsala, Sweden, November 5-7, 2018.

Further information and application form may be obtained from the website http://www.ssai.info/education/pain-education/
